Is anyone else's heat out? My apartment is 58 degrees.

Marcus Lee (Apt 3A) (+1 555-010-0003) · Mar 1, 2025 7:07:00 PM EST · iMessage

Same here in 3A. The radiators are cold.

Alex, can you send someone tonight? It's supposed to drop to 25 overnight.

Alex Kim (building manager) (+1 555-010-0001) · Mar 1, 2025 7:48:00 PM EST · iMessage

The boiler shut off. I've called the repair company. They can't come until tomorrow morning.

Priya Shah (Apt 2B) (+1 555-010-0002) · Mar 1, 2025 7:50:00 PM EST · iMessage

Can you bring space heaters for the units with kids?

I'll drop off two space heaters by 9pm.

Still no heat. It's 54 degrees in 4B this morning.

The repair tech is here now. A part has to be ordered, 2 to 3 days.

Priya Shah (Apt 2B) (+1 555-010-0002) · Mar 2, 2025 9:12:00 AM EST · iMessage

That could be three nights without heat. The lease says heat must be kept at 68.

Alex Kim (building manager) (+1 555-010-0001) · Mar 2, 2025 9:30:00 AM EST · iMessage

I understand. Management will credit three days of rent for affected units.
